OUR MISSION

"Our mission is to offer a threshold to recovery and break the cycle of addiction in service to our community."

Since 1969, Limen House has provided a long-term residential recovery program in Wilmington, Delaware that helps people who are dependent on alcohol and other drugs. Limen House supports the development of personal responsibility and prepares residents to return to the community as productive and contributing members of society. The residents come primarily from the Tri-State area (Delaware, Maryland and Southeastern Pennsylvania), with preference given to Delaware residents. Many of the residents have been through multiple treatment programs, have lost family support, are homeless, unemployable, in debt, and have legal issues.

Limen House offers a supervised, supportive, sober community, which allows residents to build a strong foundation, become grounded in the community and develop a positive support system.
